Gentlemen:

Would it be possible for me to procure a list of the teachers of Spanish and of Music in the schools of your state? If you have not a list thus segregated, is there printed and available a directory of all teachers, with indication of their activities? And if so, in what way may it be procured?

You probably are familiar with my name in educational lines--and I am still following them. I have something now of particular importance to teachers of Spanish and of Music---and to the pupils under their care.

Thanking you for the courtesy involved, I  
am

Sincerely Yours

L:EH
